Governor's Budget Request= \$2.25

What do these programs do?

1

The SHDG funds **20% of the costs** of a development, a minimum return of 4:1. It allows RHAs to directly leverage millions of dollars in federal and private funding.

Wx funds provide for cost-effective energy improvements to homes of low-income families. It increases energy efficiencies and extends the life of vital housing stock in our communities.

2

3

The SCHDG funds are used to support the development of housing for the fastest growing population in Alaska, our senior citizens.

THHP funds are used to develop housing in small Alaskan communities for public service personnel. It helps communities recruit and retain teachers, health and public safety professionals.
